Adventure Packing List

Adventure Experiences, Inc. provides most of the necessary wilderness equipment for your trip. You will provide the personal items listed below. Please keep in mind that the weather in Colorado can change rapidly. Rain or snow showers are likely and temperatures can vary from 25 degrees to 80 degrees on a day in May through August. This means that wool and synthetic blends are preferred over cotton clothing. Try to bring "layering" clothes that include both cotton and wool/synthetic. (Synthetic means polypropylene, polartec, (fleece), synchilla, capilene, etc.) Storage space is limited. Please pack with this in mind.
